# Pencil

## Paul Hewitt & Ian Quach

03/03/20

# What are we doing?

- Lightweight, flexible customer scheduling
- Business Aggregator
- SaaS

# What have we been working on?

- Back End
- Front End Functionality
- Front End Design Tweaks

# Did we complete our Sprint?

- No, but that was expected
- Backend is pretty much all finished

# Next Sprint

- Wiring up the Front End to use the Back End
- Schedule Component
- Bonus Features (Gamification, Typeahead Search, etc)

# Front End

# Back End
